Albert Moses

Dear Brother

I have this evening got the
above 41 Packages on board the Boat
and as Capt Moses had the impression
that the Salem had stoped runing I di-
rected him in that case to put them
on board of the first Packet I thought
this would be the best way as it would
save the expense of cuting or storeage in
N Haven or found it difficult to get
the barrel of Apples and so did not send
them you will find a Basket of them in
Lucys Waggon which Mary put up I threw
a couple of pumpkins on board as the
Boat went along which (unless they get
lost) you will probably find with the
Chairs — Cousin Mary's health appears to
be improveing little M. also is geting well
quite fast Mother wishes me to say that
a jar of Pickels in one of the Barrels
will needsome vinegar immediately — She
is well as usual and will come on as soon
as she conveniently can and bring a bbl
of Apples if you think best please let
us know and also how your things get
on — All with an Affectionate remem-
-brance to Mrs Phelps — Yours Truly
